

Track Name: Whiteville (Columbus County) Location--Whiteville, NC
--

Distance from Main Campus 137 miles **Type of Experience:** Full Time **Number of Interns:** 2

OVERALL DESCRIPTION: This is a generalist track with a balance of experiences. It is a short driving distance from Wilmington and its amenities.

Clinical Experiences: Columbus Regional Healthcare System	Nutrition care services are provided for diabetes, cardiology, cancer, wellness, nutrition support and renal care. Interns work as an essential part of the medical team.
Community Experiences: Columbus County Health Department http://www.columbusco.org/dept_publichealth.asp	This health department serves residents of Columbus County. WIC serves the community in conjunction with Maternal and Child Health programs. There are other health services available in which interns can play a role. Active work with NCDA, public policy and legislation is available at this Track.
Foodservice Experiences: Columbus Regional Healthcare System http://www.crhealthcare.org/	The Food & Nutrition Department is responsible for providing both food service and nutritional care for a 130-bed acute care unit. The department serves meals under the guidance of an RD as Director and an executive chef.
Management Experience: Whiteville City Schools https://k12.niche.com/d/whiteville-city-schools-nc/	Whiteville schools offer a viable experience in foodservice management and planning.
